Cohort Readiness Report — Sample

Sample document for evaluation. All names, scores, and schools are fictional sample data.

Cohort summary

Cohort	Track	Students	Avg readiness	Ready or near-ready	At risk
Fall Cohort A	Medical Assistant Readiness	24	74%	15 (63%)	4
Fall Cohort B	IT Support Specialist Readiness	21	69%	11 (52%)	5

Domain-level readiness — Fall Cohort A

Competency domain	Avg score	Trend vs. baseline	Students below 50%
Patient Care Fundamentals	81%	+22 pts	1
Vital Signs	78%	+19 pts	2
Infection Control	84%	+24 pts	0
Pharmacology Basics	63%	+14 pts	5
Medical Terminology	77%	+18 pts	2
EKG Basics	69%	+16 pts	3
Legal and Ethical Responsibilities	74%	+17 pts	2
Administrative Procedures	66%	+15 pts	4

Recommended actions

- Pharmacology Basics is the weakest domain (63%): schedule a remediation session and reassign the module knowledge checks.
- Five students remain below 50% in pharmacology — targeted practice plans were auto-generated for each.
- Administrative Procedures (66%) improves fastest with the front-office scenario lessons in Module 8.
- Four at-risk students have not logged practice in 7+ days; instructor follow-up recommended.
